

THE PORT AUTHORITY OF NY & NJ

Darrell Buchbinder, General Counsel
July 24, 2014

Certified Mail Return Receipt Requested

FISHS EDDY
889 Broadway
New York, NY 10003

Dear Sir or Madam:

It has been brought to our attention that you are offering for sale and selling several items within the Fishs Eddy store located at 889 Broadway in New York, NY and its website (<http://www.fishseddy.com>) bearing unauthorized reproductions and names of exclusive assets (Assets) of The Port Authority of New York and New Jersey (Port Authority).

In 1962, the States of New York and New Jersey authorized the development of the World Trade Center (WTC) by the Port Authority and in 1965 the World Trade Center became an additional facility of the Port Authority. As I am sure you are aware, the Port Authority has been engaged, since the tragic events of September 11, 2001, in the redevelopment of the World Trade Center. For your general information, you may wish to view the Port Authority's WTC redevelopment web site at <http://www.panynj.gov/wtcprogress/index.html>.

The original WTC development in lower Manhattan was a complex of seven buildings, with One and Two World Trade Centers best known as the iconic "Twin Towers." The Twin Towers stood at 110 stories each and, when completed in 1972, the north tower was the tallest building in the world. Over 50,000 people worked at the WTC and approximately 200,000 people visited the complex each weekday. The Twin Towers were a prominent feature of the New York City skyline and symbols of New York City and are often depicted by the image of two closely placed skyscrapers relatively of the same height and dimensions. The Twin Towers were, and remain, commonly known and associated with the World Trade Center and the Port Authority.

Since 2001, the Port Authority and its partners have been working to rebuild the WTC complex. The redeveloped WTC will be comprised of four first class office buildings, the National September 11th Memorial & Museum, 450,000 square feet of multi-level retail space, a Vehicle Security Center, Transportation Center and Performing Arts Center. The first class office building, One World Trade Center, is located on the northwest corner of the WTC complex, standing at 1,775 feet tall – the tallest building in the country, and scheduled to open in the fourth quarter of 2014.

The Holland Tunnel (formerly the Hudson River Vehicular Tunnel), which opened in 1927 and was the first Hudson River vehicular crossing, connects Canal Street in New York City with 12th and 14th streets in Jersey City, NJ. In 1984, because of its valuable contribution to tunnel design and construction, the Holland Tunnel was designated a National Historic Civil and Mechanical Engineering Landmark by the American Society of Civil and Mechanical Engineers. Subsequently in 1993, the Holland Tunnel was designated a National Historic Landmark by the U.S. Department of the Interior. The Lincoln Tunnel is

*225 Park Avenue South
New York, NY 10003*

THE PORT AUTHORITY OF NY & NJ

Fishs Eddy LLC
July 24, 2014
Page 2 of 2

comprised of three tubes called the north, center and south tubes, which opened in 1945, 1937 and 1957 respectively, and connects Midtown Manhattan to Weehawken, NJ. In 2013, more than 34 million vehicles combined have traveled eastbound through the Holland and Lincoln Tunnels to New York.

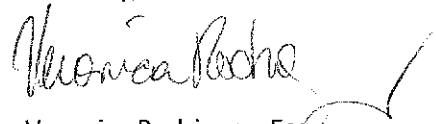

Your use of the Port Authority's Assets on dinnerware and other items is of great concern to the Port Authority. Enclosed for your reference are representative samples of the offending items. The unauthorized use of the names One World Trade Center, Twin Towers, Holland Tunnel and Lincoln Tunnel in connection with items bearing simulations of their respective structures are likely to confuse, mistake, deceive or create a false impression to the general public that your use of these Assets on products offered for sale in your store and website are endorsed, sponsored, authorized or have some connection with the Port Authority and/or the WTC. The WTC, Twin Towers, and Holland and Lincoln Tunnels are well publicized and known by the public to be associated with the Port Authority.

Additionally, your use of the Port Authority's Assets (i) interferes with the Port Authority's control of its own reputation (since the public is encouraged to impute responsibility to the Port Authority for activities and goods over which it has no influence or control); (ii) evoke thoughts of the Port Authority, the Twin Towers, WTC and the September 11th terrorist attacks when your "One World Trade Center Dinnerware" and "212 Dinnerware" are encountered (unfairly reaping a benefit from an association with the Port Authority and the attacks); and (iii) otherwise erode the distinctive significance of the Twin Towers, One WTC and the Holland and Lincoln Tunnels and the goodwill associated therewith.

For the foregoing reasons the Port Authority requests that you immediately (1) discontinue and refrain from all current and future uses and sales of these Assets on any items, including but not limited to in connection with dinnerware, glassware, serveware, clothing and accessories, on your website, and any colorable imitation thereof; (2) destroy all materials, documents and other items bearing the Assets, including but not limited to any and all marketing documents, mock-ups, samples, catalogs, pre-production designs of goods and websites bearing the Assets; and (3) provide written assurance of compliance with the above.

This letter is without prejudice to all of the Port Authority's rights and remedies, in equity, at law or otherwise, all of which are expressly reserved. We await your prompt cooperative reply.

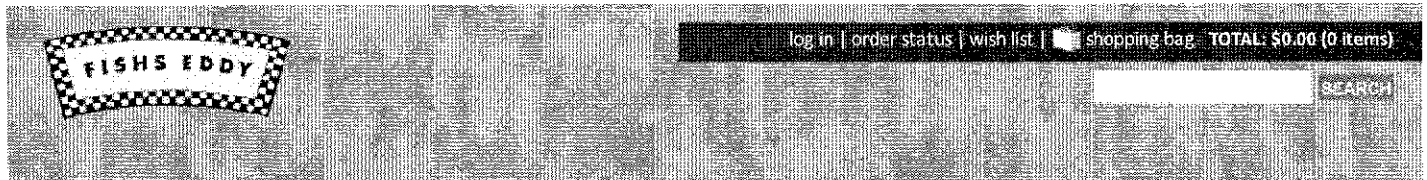

Sincerely,

Veronica Rodriguez, Esq.
Attorney

Encl.
